

Maxguard™ NRP White

premium marine gelcoats

For decades, Ashland has served the best boat builders in the world with new technologies that deliver unmatched quality and performance. Our newest product continues the tradition of delivering allure and usability the best by capturing the latest trends and needs for high-performance boats.

Ashland's premium Maxguard™ gelcoats provide superior performance in critical use environments with the added value of high weatherability in combination with outstanding cosmetics. As a result, your boats will maintain their luster and finish for years to come providing a great value for your consumers. Ashland has a history of being the market leader in providing products with reliable, durable, real world performance.

Maxguard NRP White premium marine gelcoats are low HAP (less than 24% styrene) marine performance gelcoats that deliver the highest weatherability and blister resistance in the market. Premium boat builders can rely on the durability of NRP gelcoats to help their boats maintain a glossy surface over time. In addition to their appearance and performance, NRP gelcoats exhibit exceptional application properties and cure through.

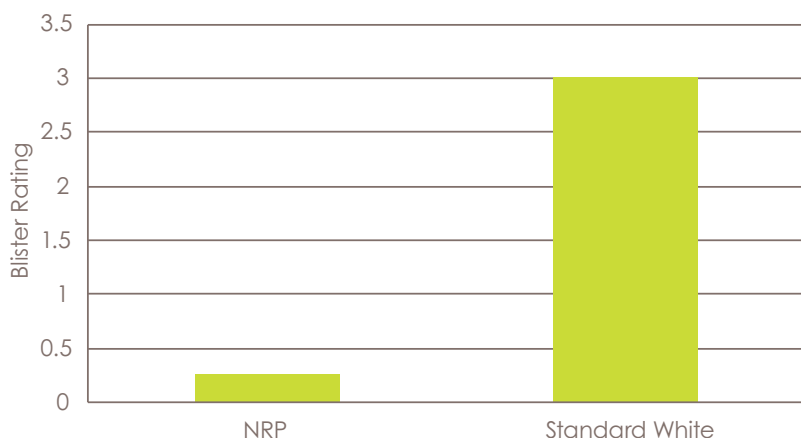

BENEFITS

- Unmatched weatherability
- Superior blister resistance
- Less than 24% styrene
- Exceptional application properties
- MACT Compliant
- Easy to repair
- Cures tack-free
