

# Maxguard™ NRX White

## premium marine gelcoat

For decades, Ashland has served the best boat builders in the world with new technologies that deliver unmatched quality and performance. Our newest product continues the tradition of delivering allure and usability the best by capturing the latest trends and needs for high-performance boats.

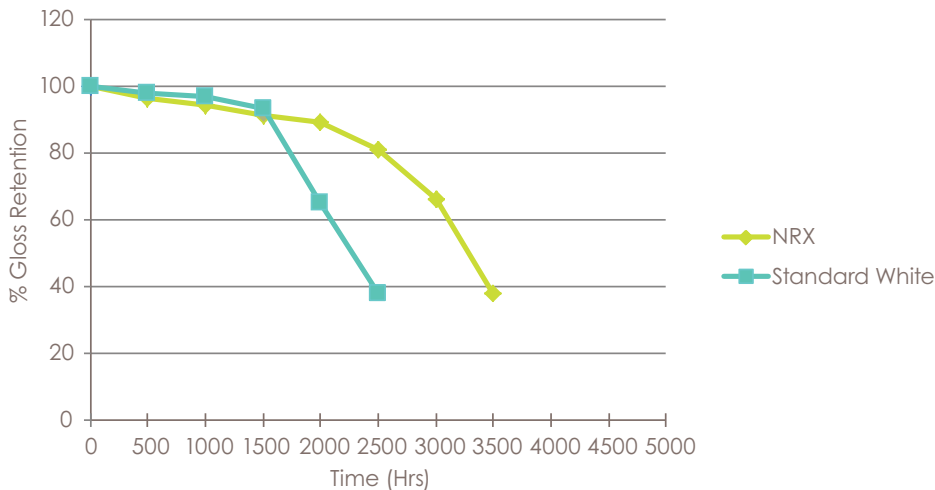

Ashland's premium Maxguard™ gelcoats provide superior performance in critical use environments with the added value of high weatherability in combination with outstanding cosmetics. As a result, your boats will maintain their luster and finish for years to come providing a great value for your consumers. Ashland has a history of being the market leader in providing products with reliable, durable, real world performance.

Maxguard NRX White premium marine gelcoats are low HAP (less than 28%) high performance marine gelcoats that provide a unique combination of flexibility and weatherability not typically found in competitive materials. NRX gelcoats exhibit extreme resilience and crack resistance. As an added benefit, boats made with NRX gelcoats will retain their gloss much longer than boats made from traditional marine white gelcoats.

### BENEFITS

- Outstanding flexibility
- High weathering
- Blister resistant
- MACT Compliant
- Less than 28% HAP
- Excellent application properties

### Gloss Retention vs. Time

## Degree of Flexibility

Standard White Gelcoat
